

EXPRESSIONS OF INTEREST (EOI) AA2024 – INDONESIA (BALI)

IPSC Australia is calling for expressions of interest to compete at the **2024 Australasian Handgun Championship – Indonesia** to be held during August 2024 (final dates yet to be advised).

At this stage as IPSC Australia is still waiting for regional slots to be allocated and finalised, we are unable to provide details on Australia's match slot availability. Nonetheless, in line with standard Level IV and V match processes, we ask members who would like to compete at the event, to submit an EOI to assist us with securing as many slots as possible. Please note, each EOI must be accompanied by a **deposit of AUD\$500**. An EOI will only be accepted with the deposit. (Please email the Secretary at secretary@ipsc.org.au for account details.)

In line with standard practice, should there be a shortfall in available slots compared to slots requested by IPSC Australia, a ballot will be conducted at the 2024 South Australian State Titles to allocate non-team slots.

IPSC Australia will be sending teams to the *2024 Australasian Handgun Championships*; teams will be selected as per the IPSC Australia Team Selection Criteria which is available at [IPSC Australia Team Selection Criteria v2.3](#).

Those members interested in being selected for Australian Teams must provide an EOI with the required deposit to compete at the *2024 Australasian Handgun Championships*. If successful, they will be duly notified and guaranteed a slot in the main match.

Please indicate on your expression of interest if you are also interested in participating in the 2024 Australasian PCC Championships.

Forward all EOIs no later than **31 December 2023** to –

IPSC Australia Secretary
Stuart Boak
Email: secretary@ipsc.org.au
Postal: GPO Box 3293 Darwin NT 0801

Include your IPSC Membership Number to simplify the verification of your membership.

Once regional slot allocations have been confirmed, all EOIs will be notified if a Slot ballot is required or if they have been successful in securing a slot in the *2024 Australasian Handgun Championships*.

As further match information becomes available, these will be published on the IPSC Australia website and Facebook page; match organiser updates will also be available on the IPSC World website at www.ipsc.org

GARETH GRAHAM
